

# Tourism in the City of Doboј

*The Doboј fort is the most important tourist sightseeing place in the city. It was first mentioned in June 28, 1415 when the Hungarian army camped there during its war campaign along the Bosnia river valley. The fort's construction began in 13th century, which is corroborated by numerous archeological researches, sites with jewelry from a cemetery in Usora, and ceramics found at the bottom of the fort's south tower. Austrian gravures from 1697 and all Turkish censuses are witnesses to the fort's existence over the centuries.*

*The International handball T† Tournament of #hampions has a half a century long tradition, and it is one of the most uality and most renowned handball events in the world. The tournament is a place where the best clubs and handball artists gather, and where the top uality and the most beautiful handball is played.*
